To Whom It May Concern,

Re: **General Sports Turf Systems
Detroit Public Schools**

The Detroit Public Schools have had excellent experience with General Sports Turf Systems: Martin Luther King High School is one of the premier high schools in the Detroit Public School. Last summer we replaced the existing grass field at King High School with athletic turf. The company that we initially chose to do the work informed us eight weeks before the first football game that they could not meet the promised schedule. General Sports Turf committed to having the field done for that first important game. In 2 months time they performed a miracle by manufacturing and installing the field exactly as promised.

We look forward to doing other jobs with this fine company.

Regards,
Detroit Public Schools Program Manager Team, LLC
