October 23, 2008

To Whom It May Concern:

The Fillmore Unified School District retained the services of General Sports Venue in April 2008 for the installation of Athletic Infield Synthetic Turf. Working with General Sports Venue has been a very positive experience, as I was particularly impressed with the attention to schedule and the overall management of the project.

They worked exceptionally well as teammates with the School District, our General Contractor, and Architects to provide the best quality within reasonable cost. We appreciated their attention to detail and consistent follow through on all items affecting our project.

We would be happy to discuss our experience with any of General Sports Venues' current clients and would not hesitate to utilize their services in the future. We wish them good luck in their future construction projects

Sincerely,

A handwritten signature in black ink, appearing to read "R Sube". The signature is written in a cursive, somewhat stylized font.
