General Sports/AstroTurf

January 30, 2009

Dear Jon Pritchett,

On behalf of Sportsplex Management Group, I would like to commend your company for the services you provided at our facility in Pottstown, PA. We were already sold on the turf, which we think was beautifully installed, but the customer service and attention to detail was above and beyond what we anticipated.

In the ten years that we have been in business we have bought and installed ten turf fields at our facilities. This project with your company, however, has been the easiest and most enjoyable. Your staff made sure that they were in constant communication with us and they made sure every detail of the job of was handled properly. I would be proud to recommend your services to other customers and we will certainly be using you again for future projects.

Sincerely,

John Burns
Sportsplex Management Group
