General Sports Turf Systems
400 Water Street, Suite 250
Rochester, MI 48307

Dear Richard,

Please feel free to include the Midland Public Schools in your reference list of satisfied customers! Since its installation in August of 2004, our General Sports Turf synthetic surface has been in constant use. We have two high schools with a total of six football teams and twelve soccer teams scheduling their home games at Midland Community Stadium.

We are the envy of our neighboring school districts and visiting competitors. The field looks great and plays similar to a natural surface. Our coaches and players love the surface. It is easy on their legs and provides a consistent, safe surface for them to compete upon.

Not only do you have a wonderful product, you service what you sell. The training you provided our staff ensures that the turf will be well maintained. Our maintenance contract with you gives us the peace of mind that if something comes up that we can't handle, your people will give our field the attention it needs in a timely manner.

It is a pleasure to do business with your company. I would be happy to personally answer any questions that prospective customers might have. Feel free to give them my telephone number and e-mail address.

Sincerely,

Doug Fillmore
Director of Facilities, Operations, and Student Services
