

Thornapple Kellogg School

Kevin A. Konarska, Superintendent

To Whom It May Concern:

I have been asked to write a letter of recommendation for General Sports Turf Systems and am happy to do so. General Sports Turf Systems was selected by our school district to install a synthetic turf surface in our football stadium last spring.

Our school district representatives (Thornapple Kellogg School, Middleville, Michigan) traveled across the country visiting synthetic turf stadiums, factories making synthetic turf, and observed the installation process. We interviewed several companies and after extensive review we chose General Sports Turf Inc. They were knowledgeable about the product, the importance of the installation process, and went out of their way to answer our questions and meet our needs. After receiving a very competitive bid they installed the turf in time for our football season. The job was done in a very professional manner and met all of our requirements.

General Sports Turf Systems is a class organization who has responded to our needs before the installation and after. I would recommend their staff and product to those interested in a synthetic turf surface.

Please call if I can answer any questions you may have.

Sincerely,

Kevin A. Konarska
Superintendent
